**To Our Many Friends and Customers
of Former Private and Public Sales:**

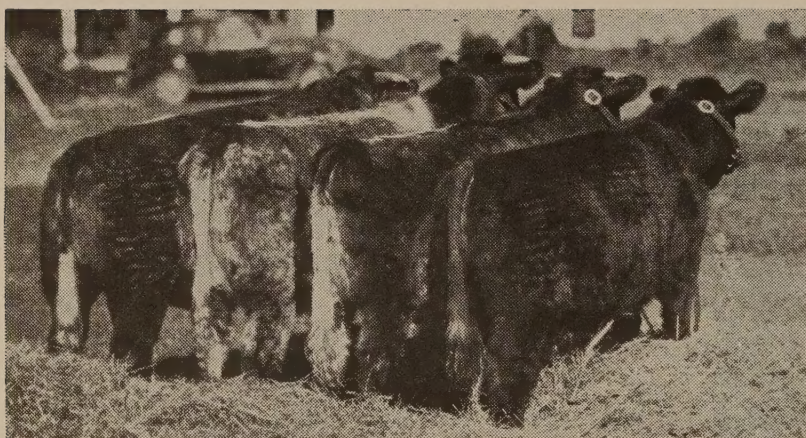

We appreciate your past patronage and hope our offering will please you. Never before have we sold a better offering of females. We are offering several daughters of Divide Sensation in this sale that should be retained in our herd but lack of help prevents our retaining them all. Needless to say, they are not highly fitted which will

be in the buyers favor, but they are from our best cows and are sure to be valuable in your herd. It seems that the sons and daughters of Divide Sensation have reproduced his strong qualities to even a greater degree than he did himself. Therefore this sale offers an opportunity to obtain the blood of this great sire in greater numbers than you will again have the privilege of bidding on. We have retained several good ones but they do not surpass in quality those that we are selling. Their breeding is of the best as there are several descendants of Augustina which I have always considered one of the best cows ever imported. Villa Grove Augusta 2d, I believe, was the greatest female ever purchased for the herd. The Lady Cathcart branch of this family is still the most valuable branch of the Augustas in Scotland.

Also the Rosewoods are equally as strong in blood lines, as they represent the blood of many great sires in the top of the pedigree. They also are descendants of Imp. Rosewood 86th, the greatest producing cow of her time. When we purchased the two cows of this family they were top individuals bought at a top price, but they payed in a way that more than justified their purchase. There are other equally notable families represented in the offering.

We hope you may be able to purchase some of these good females knowing that they will prove just as profitable for you as they have for us. Hoping to meet you at the sale.

Walter Miller & Son

able uniformity of

trated here.*

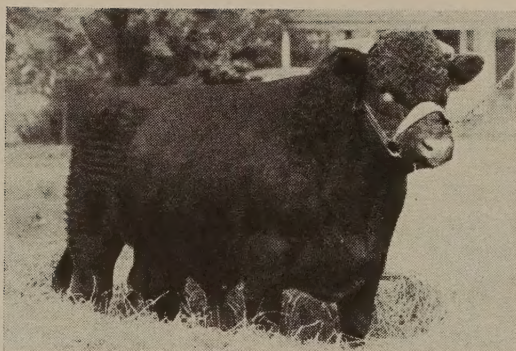

These eight outstanding daughters of Divide Sensation will all be sold in this auction.

For more than forty years, J. W. "Walt" Miller has produced Shorthorn cattle of most approved type and breeding. Throughout those years, cattle from his Oakdale Herd have been marketed to a host of satisfied customers in more than half of the states in the Union. I can think of no breeder who has made a wider circle of friends or who has enjoyed the confidence of a larger group of clients.

A full chapter in Shorthorn history could be written of the winnings of Oakdale productions and of Walt Miller's part in building prestige into the famous firm of Joseph Miller's Sons. His finest cattle have been produced within a span of the past ten years, during which time he has had the able cooperation of his son Waltman, Jr.

It was a fortunate day for this firm when they purchased the twice International grand champion, Divide Sensation because his calves have found favor with breeders everywhere. The fact that this great sire is now dead and that his last calves are being offered in this auction should create a desire on the part of all good breeders to attend this event.

Walter Miller and his son are offering a grand lot of cattle in this sale . . . all produced from the most dependable and fashionable Scotch families. They are certain to prove profitable to those who will buy them. — Hal Longely of The Shorthorn World

(Oakdale Defender) We consider him one of the greatest bulls we have produced and have retained him for our herd. He didn't seem to lack anything when in his calfhood form. He has run with the herd since the day he was one year old and still he looks pretty good through the camera. He has a lot of good bulls behind him and we are sure his calves will not disappoint us.

Miller Farms

*W. P. Miller
"Parm"*

*We are proud of the
Miller Farm offering*

Were it not for a change in our business plans we would not offer this group of breeding females. All have been retained carefully because of their breeding records and the dependability of the fine Scotch families that produced them. Only in a dispersion or a reduction sale similar to this one does the public ever have an opportunity to buy breeding cows of such quality as those listed in this auction. We would much prefer to keep the increase and reap the benefit from the strong demand that is sure to be in force during the next few years.

However, we are proud of the cattle listed in this catalog and we know they will do well for those who buy them. The buying public will have a good opportunity to inspect the produce of the cows that are to be sold because most of them have two or more calves listed in the sale. The heifers and bulls are the best we have ever exposed at auction. We hope you will be with us on sale day.

J. W. Miller and Clarence Miller

Clarence Miller

All of the choice cows and calves in this group will be sold. From left to right: Bess Cumberland 6th (Lot 50), Cumberland Augustina 7th and bull calf (Lot 35), Augustina 4th and heifer calf (Lot 32), Cumberland Jessica 2d (Lot 45), and Cumberland Butterfly 6th and bull calf (Lot 54).

Changes in their future farming and livestock program have brought about the necessity for a drastic reduction in the size of the famous herd at Miller Farms. Hence, this sale may be considered a partial dispersion with all the buying benefits thereof. The owners have decided to retain only ten head of females. All others are listed in this sale. To be able to buy at auction the cows that have annually produced calves good enough to win high show ring honors and sell at top prices in leading consignment sales is an opportunity seldom presented. A study of the Miller Farms' Consignment in this catalog will reveal the fact that 21 grand breeding cows, all in the prime of their lives, are to be sold and 18 of them will either have calves at foot or will be close to calving. Never before have the owners even considered pricing the mature females in their herd. These cows, along with 12 beautiful open and bred heifers and six excellent young bulls make this a buying opportunity of unusual importance.

With all ten of the females they are retaining safely settled in calf to Bugler's Champion, the owners have decided to sell this grand two-year old herd bull. He is an individual of outstanding type and I am sure those who see his calves on sale day will agree with the writer that he is one of the most promising young sires of the day. — Hal Longley of *The Shorthorn World*

Bugler's Champion—We have never owned a better bull or a greater prospective herd sire than this one. We do not like to part with him because he was purchased with the definite plan of remaining as our chief stock bull for the next six or eight years. However, our decision to sell all but ten females in this auction has altered our plans regarding Bugler's Champion. We now have six of his calves, three dark red and three dark roans. Two of the cows that produced these six dark colored calves produced white calves last year. The six calves are real outstanding, all of them being of exactly the same type as their sire, with plenty of bone, short legs and good calves. There will be more calves by this bull before the day of the sale and we hope you will study them carefully. Bugler's Champion is one of the shortest legged bulls of the breed and his legs are placed well out at the corners of his very blocky, deep body. He is a marvelous individual and has already proved himself a truly great sire. All ten of the females we are keeping are now in calf to him and we have decided to sell Bugler's Champion in this sale. He will make his new owner very famous.
